RECEIVED

JULY 30 2003

**RESPONSE TO REQUIREMENT FOR RESTRICTION**

This responds to the Requirement for Restriction mailed July 30, 2003.

In the Requirement for Restriction, the Examiner has required restriction to one of the following inventions under 35 U.S.C. §121.

- I. Claims 7-20, directed to apparatus and method of operating an electronic meter, classified in class 324, subclass 142;
- II. Claims 1-6, directed to a method of calibrating an electronic meter, classified in class 702, subclass 85.

It appears that claim 7 should be in Group II, since claim 7 depends from claim 1.

The Requirement for Restriction is respectfully traversed. The claim groups are closely related and can most efficiently be examined in a single application. It is believed that the searches for the two claim groups would be coextensive. Accordingly, withdrawal of the Requirement for Restriction is respectfully requested.

The application is now ready for examination on the merits. If there are questions regarding this response, please telephone Applicant's undersigned attorney.

If this response is not considered timely filed and if a request for an extension of time is otherwise absent, Applicant hereby requests any necessary extension of time. If there is a fee occasioned by this response, including an extension fee, that is not covered by an enclosed check, please charge any deficiency to Deposit Account No. 23/2825.

Respectfully submitted,  
*Guljeet S. Gandhi, Applicant*
